

HELAMIN

*Innovative corrosion & scale inhibitors
Pioneer in polyamines filming technology*

Helamin Product 01.01.2009	HELAMIN PRODUCT LIST
-------------------------------	----------------------

Part Number	Description
-------------	-------------

FOR USE IN WATER STEAM CIRCUITS	
HELAMIN BRW 150 H	For steam & hot water systems with slightly treated feed water
HELAMIN 906 H	For steam & hot water systems with softened feed water
HELAMIN 90 H TURB	For steam & hot water systems with demineralized feed water (Turbines included)

FOR USE IN DISTRICT HEATING	
HELAMIN HS 190 H	For warm and hot water networks

FOR USE IN COOLING SYSTEMS	
HELAMIN 9100 MK	For open cooling systems / cooling towers / air humidifiers with slightly treated feed water
HELAMIN 9500 BF-VN	For open cooling systems / cooling towers / air humidifiers with softened feed water
HELAMIN RW 47 H	For closed cooling systems

ADDITIONAL CONDITIONERS	
HELAMIN HAL-AO	Oxygen scavenger for steam systems (suitable for food industry)
HELAMIN 2024 HUM	Softener for hard water

ACCESSORIES	
HELAMIN TEST KIT	Helamin titration quick test kit

Important Note :

1. Helamin Products may be conditioned per drums of **30-60-210-800 or 1000 kg** which should be specified at the time of ordering.
